

Special Issue on

Genetic Variation in Naturalized Wild Radish (*Raphanus Raphanistrum*) Populations in South-Western Australia: a Comparison of Life History Traits and Aflp Molecular Markers

Call For Papers

A new Special Issue *Genetic Variation in Naturalized Wild Radish (*Raphanus Raphanistrum*) Populations in South-Western Australia: a Comparison of Life History Traits and Aflp Molecular Markers* (<http://ajlifesciences.org/sinfo/118029>) has been launched in *American Journal of Life Sciences* (<http://www.ajlifesciences.org>). This Special Issue intends to collect research achievements concerning Life Sciences. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Bhatti Ma

Affiliation: University of Western Australia, Perth, Australia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://ajlifesciences.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Diversity
- ◆ Plant ecology
- ◆ Ecogeographic distribution
- ◆ Plant population genetics
- ◆ Multivariate analysis
- ◆ Weeds

Important Dates

Submission Deadline: **Dec. 25, 2019**

Publication Deadline: **Feb. 25 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
