

Special Issue on Synthesis, Design, and Biological Evaluation of Heterocyclic Compounds

Call For Papers

A new Special Issue *Synthesis, Design, and Biological Evaluation of Heterocyclic Compounds* (<http://journalchemistry.org/sinfo/125013>) has been launched in *Science Journal of Chemistry* (<http://www.journalchemistry.org>). This Special Issue intends to collect research achievements concerning heterocyclic compounds & their evaluation. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Abdulrahman Alharbi

Affiliation: Chemistry Department, Faculty of Science, King Abdul-Aziz University, Jeddah, Saudi Arabia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://journalchemistry.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Synthesis and biological evaluation of heterocyclic compounds.
- ◆ Synthesis and design of active-biological fluorinated mono, bi, tri, and poly-heterocyclic compounds.
- ◆ Separation and isolation of natural products and study their activity.
- ◆ Modification of drugs to improve their activity.
- ◆ Synthesis and biological applications of heterocyclic complexes.
- ◆ Pharmaceutical and medicinal of heterocyclic compounds.

Important Dates

Submission Deadline: **Jun. 25, 2020**

Publication Deadline: **Aug. 25, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
