

Special Issue on

Eco-friendly Recycling of Metallurgical Solid Waste into Construction Materials

# Call For Papers

A new Special Issue *Eco-friendly Recycling of Metallurgical Solid Waste into Construction Materials* (<http://www.advinmaterials.org/sinfo/129028>) has been launched in *Advances in Materials* (<http://www.advinmaterials.org>). This Special Issue intends to collect research achievements concerning Eco-friendly Recycling. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

## Lead Guest Editor

Lead Guest Editor: Wu Shaopeng

Affiliation: State Key Laboratory of Silicate Materials for Architectures, Wuhan University of Technology, Wuhan, China

## Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.advinmaterials.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ Metallurgical solid waste
- ◆ Safe treatment and utilization
- ◆ Prevention of toxic elements release
- ◆ Eco-friendly recycling technologies
- ◆ Assessment of environmental impact
- ◆ High performance construction materials

### Important Dates

Submission Deadline: **Jan. 10, 2020**

Publication Deadline: **Mar. 10, 2020**

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
