

Special Issue on Machine Learning in Wireless Networks

Call For Papers

A new Special Issue *Machine Learning in Wireless Networks* (<http://ijwcmc.org/sinfo/133022>) has been launched in *International Journal of Wireless Communications and Mobile Computing* (<http://www.ijwcmc.org>). This Special Issue intends to collect research achievements concerning Wireless Network & Machine Learning. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: S M Shahrear Tanzil

Affiliation: Ericsson R&D, Stockholm, Sweden

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://ijwcmc.org/submission>

Topics of Interest Include (but not limited to):

- ♦ Machine learning
- ♦ 5G communication
- ♦ Edge computing and caching, content popularity prediction, cloud RAN
- ♦ Massive MIMO/Beamforming
- ♦ Resource and mobility management in wireless networks
- ♦ Field trial in mm Wave

Important Dates

Submission Deadline: **Dec. 20, 2019**

Publication Deadline: **Feb. 20, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
