Special Issue on
Advanced Fixed Point Theory and Applications

Call For Papers

A new Special Issue *Advanced Fixed Point Theory and Applications* (http://www.acmath.org/sinfo/147023) has been launched in *Applied and Computational Mathematics* (http://www.acmath.org). This Special Issue intends to collect research achievements concerning Advanced Fixed Point Theory. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Hasanen A Hammad

Affiliation: Department of Mathematics, Sohag University, Sohag, Egypt

Papers Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by

http://www.acmath.org/submission

Topics of Interest Include (but not limited to):

- Learn the latest developments in fixed point theory
- Solving differential equations with boundary conditions by this technique
- Solving nonlinear integral equations by this technique
- Study of some new scheme methods that benefit in inclusion problems

Important Dates

Submission Deadline: **Feb. 20, 2020**
Publication Deadline: **Apr. 20, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
