

Special Issue on Alteration Geochemistry

Call For Papers

A new Special Issue *Alteration Geochemistry* (<http://www.esjournal.org/sinfo/161023>) has been launched in *Earth Sciences* (<http://www.esjournal.org>). This Special Issue intends to collect research achievements concerning Geochemistry. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Shirin Fatahi

Affiliation: Department of Earth Sciences, University of Tabriz, Tabriz, Iran

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.esjournal.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Determination of physico- chemical condition for formation of different metallic or non- metallic ore deposits
- ◆ Professional mineral processing by apply of converse geochemistry
- ◆ Consideration of dispersion of different metal in alteration zone
- ◆ Relationship between different types of alteration and their formation environments
- ◆ Presentation of accuracy methodology for mine exploration
- ◆ Reconstruction of types of forming ore body

Important Dates

Submission Deadline: **Feb. 25, 2020**

Publication Deadline: **Apr. 25, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
