

Special Issue on

**Use of Allelopathy in Agriculture: New Futures,
Challenges and Future Prospects**

Call For Papers

A new Special Issue *Use of Allelopathy in Agriculture: New Futures, Challenges and Future Prospects* (<http://www.jplantsciences.org/sinfo/215023>) has been launched in *Journal of Plant Sciences* (<http://www.jplantsciences.org>). This Special Issue intends to collect research achievements concerning Allelopathy in Agriculture. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Oueslati Oussama

Affiliation: Department of Agronomy and Rural Economy, Higher School of Agriculture of Kef, Kef, Tunisia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.jplantsciences.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Allelopathic interactions and their mechanisms in crop production
- ◆ Allelopathy and pest management (weed, insect, diseases...)
- ◆ Chemical characterization of allelopathic interactions
- ◆ Allelopathy and a-biotic stresses
- ◆ Importance of breeding allelopathic crops
- ◆ Importance of global changes on allelopathy

Important Dates

Submission Deadline: **Dec. 30, 2019**

Publication Deadline: **Feb. 29, 2020**
