Special Issue on

Next-Gen Bioinformatics: Where Are We Now?

Call For Papers

A new Special Issue *Next-Gen Bioinformatics: Where Are We Now?* (http://journalbioscience.org/sinfo/217006) has been launched in *American Journal of Bioscience and Bioengineering* (http://www.journalbioscience.org). This Special Issue intends to collect research achievements concerning Bioscience & Bio-Engineering. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: : Dong Ling Tong

Affiliation: Artificial Intelligence Lab, First City University College, Bandar Utama, Malaysia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

http://www.journalbioscience.org/submission

Topics of Interest Include (but not limited to):

- Integrative bioinformatics
- Complex disease and cancer genetics
- Metagenomics and multi-omics
- Botany
- Gene regulation, transcriptomics and epigenomics

- Sequencing and genotyping
- Network inference and systems biology
- Drug therapeutics and discovery
- Agricultural analysis and bioterrorism
- Epigenetics, population genetics and environment genetics

- Proteomics and metabolomics
- Text mining and biomedical informatics
- Bioimaging and signal processing
- Phylogenetics and phytotheraphy

Important Dates

Submission Deadline: **Jan. 10, 2020**

Publication Deadline: **Mar. 10, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
