

Special Issue on Computational Research Progress in Wind Turbine

Call For Papers

A new Special Issue *Computational Research Progress in Wind Turbine* (<http://www.ijmea.org/sinfo/220032>) has been launched in *International Journal of Mechanical Engineering and Applications* (<http://www.ijmea.org>). This Special Issue intends to collect research achievements concerning computational research. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Esmaeel Fatahian

Affiliation: Department of Mechanical Engineering, Islamic Azad University of Nour, Nour, Iran

Papers Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by <http://www.ijmea.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Computational Fluid Dynamics (CFD)
- ◆ Aerodynamics of rotors and blades
- ◆ Installations and applications
- ◆ Numerical simulation
- ◆ Wind characteristics and structure
- ◆ Advancement of wind power capture
- ◆ Optimization method
- ◆ Wind turbine noise

Important Dates

Submission Deadline: **Feb. 20, 2020**

Publication Deadline: **Apr. 20, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
