Special Issue on
Soft Computing Methods for Electrical and Electronics Engineering Applications

Call For Papers

A new Special Issue *Soft Computing Methods for Electrical and Electronics Engineering Applications* (http://www.eeejournal.org/sinfo/239022) has been launched in *Journal of Electrical and Electronic Engineering* (http://www.eeejournal.org). This Special Issue intends to collect research achievements concerning Soft Computing Methods. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Dr. Rahul Kher

Affiliation: Department of Electronics & Communication Engineering, G H Patel College of Engineering & Technology, Vallabh Vidyanagar, India

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

http://www.eeejournal.org/submission

Topics of Interest Include (but not limited to):

- Soft Computing for Signal and Image Processing
- Soft Computing Techniques for Control systems
- Soft Computing Applications for VLSI & FPGA
- Soft Computing in Wireless Communication

- Soft Computing for Smart Homes and Cities
- Process Control Using Soft Computing
- Fuzzy Logic Applications

- Evolutionary Programming Applications
- Neural Networks Applications
- Genetic Algorithm Applications

Important Dates

Submission Deadline: **Apr. 15, 2020**

Publication Deadline: **Jun. 15, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
